## Powerpack Bosch Rexroth

Hydraulic Powerpack	
Make	Bosch Rexroth
Equipment status	Serviceable
Condition	Not maintained
Year of manufacturing	2001
Last inspected	March 2002
Last used	March 2002
Consist of :	Display unit on S/S cabinet
	Hydraulic Dual Pump set
	4x 1000 liters, on board, fluid tank
	Oil tight containment around fluid container
	PLC for displacement/inclination measurements
<b>DIMENSIONS</b>	
Weigth	7000 Kg
Voltage	380 V / 3kVA / 50 Hz
	230 V / 16A / 50 Hz
Pressure	100 bar
Volume	4000 Liter
<b>DOCUMENTATION</b>	
	Full operating manual
	Full Electrical manual
<b>REMARKS</b>	
	Powerpack is only used once
